

Boat charter in Stockholm archipelago

Charter our boats with or without a skipper!

Charter our sailboats with or without a skipper for a day, two, three days or a whole week. Stockholm archipelago is around the corner and offers thousands of islands, a number of harbours and archipelago coves to visit. The boats we offer for charters are our Beneteau 50, which we offer with skipper and our two Diva 24SC we offer with or without a skipper.

Operah, Beneteau 50:
